Take Your FinTech to a Higher Level

Improve customer service with instant access to secure documents and files.

- Answer questions quickly by retrieving documents in seconds using keyword search.
- Share information easily with your customers and colleagues from anywhere at anytime.
- Ensure data privacy during transmission and storage using 256-bit AES encryption.

Save time and money with automation of common business processes.

- Speed the handling of claims, loans, and other transactions using E-Forms and workflows.
- End manual data transfers to ledgers and software apps with robotic process automation (RPA).
- Enjoy a fast return on investment with low operating costs and little to no IT expenses.

Comply with federal regulations while protecting records from disaster.

- Operate safely in the cloud with SOC 2-certified security and data processing controls.
- Avoid fines and lawsuits and slash audit prep time by complying with FDIC, Sarbanes-Oxley, Gramm-Leach-Bliley, NASD and other financial services industry regulations.
- Disaster proof your business with backup records saved at multiple data centers.

"ImageSilo® has made a phenomenal difference in our compliance. We decreased audit preparation time by 88%, which has made compliance a breeze. Preparing for audit checks takes a few hours instead of three days."

- Fran Eppy, Director of Operations, Eppy Financial Group
